Law Offices of Kenneth A. Wilhelm
Attorneys at Law

A few years ago I had an opportunity and need to use services of your law office. I had a motor vehicle accident and ended up in the hospital, where I was hospitalized for some days.

Representative of your office visited me in the hospital and took all required information. It was very helpful, because I and all closest to me could only think about my speedy recovery. The staff was fast and qualified, All of my medical bills were paid for and I also got compensation for my injuries.

If, at any time, I or someone close to me will need professional legal help I will use your services again.

Again thank you very much for everything.

Very truly yours,

Agnieszka Sobolewska
