

My name is Rifat Ara and I was in an accident in 2004. This accident required me to have a number of surgeries. A family friend suggested that we contact the law offices of Kenneth Wilhelm. The attorneys made me feel secure because this was the only time I had ever been in a lawsuit. From the beginning until the end, everyone at the law office assured me that everything would go smoothly by taking care of the whole legal process. I trusted them to handle my case in my best interest. I was awarded an amount of money that ~~was~~ ^{more than} I was [↑] happy with and I am glad that I took the recommendation of my friend. My husband's friend's child needed representation after my case was over and without hesitation, we referred the family to the law offices of Kenneth Wilhelm because of our great experience.
